- **Server Hardware**: Dell PowerEdge, HPE ProLiant
- **Tools & Software**: VMware vCenter Server, Oracle VM VirtualBox, VMware Workstation, Eve-NG, PNETLab, Cisco Packet Tracer, fping

EXPERIENCE

PT Berca Hardayaperkasa
Technical Product Specialist

2021 - Present

Hardayaperkasa
BEYOND TECHNOLOGY
www.berca.co.id

Consulted with customers at PT Berca Hardayaperkasa, providing optimal solutions based on their requirements. Very often presented product update or knowledge to the customer and then ask the customer needs and requirements to create the best solution for the customer. Provided technical consultation to resolve customer environment issues. And the participation of taking certification of the product. Take part as presenter or booth stand representative in BHp events.

Developed technical proposals to provide solutions for customer requirements as defined in the KAK/RKS/ToR document which include High Level Design, solution, scope of work and timeline.

Presented product update into internal BHp teams (Sales and Presales) for knowledge about the product and can further sell the solution to customer. And currently I'm handling VMware by Broadcom and Check Point products.

Some of key points:
- Led Proof of Concept (PoC) of the product
- Engage with customer through product update approach
- Presenter of a product in a BHp-Customer event
- Propose a solution based on customer requirements

One of **Proof of Concept** I have done is with **Check Point Quantum 6800 Appliance**. This project is to fit the needs of Next Generation Firewall (NGFW) in the customer Data Center environment. Which features include:
- Firewall Policy, Intrusion Prevention System (IPS)
- File/Web/URL Filtering, TLS/SSL Inspection
- Anti-Virus, Anti-Malware
- Remote VPN
- Monitoring Logs, Generate Report

Customer is a Logistic company which HQ is located in North Java.

Other **Proof of Concept**:

This project focusing on Security feature of VMware NSX also integration with VMware Aria for Networks and VMware Aria for Logs for advance network monitoring capabilities and logs. Customer is a Banking company which HQ is located in North Java.
- Products:
- VMware NSX - v3.2
- VMware Aria for Networks - v6.8
- VMware Aria for Logs - v8.10

CERTIFICATION

CHECK POINT™

- **Check Point Certified Security Expert R81**
  Issued August 2024

- **Check Point Certified Security Administrator R81**
  Issued January 2024

- **Harmony Endpoint & Harmony Browse - Technical Specialist**
  Issued August 2023

vmware by Broadcom

- **VMware Certified Professional - Data Center Virtualization**
  Issued July 2022

- **VMware Certified Professional - Network Virtualization**
  Issued January 2023

CompTIA Security+ CERTIFIED Plus Series

- **CompTIA - Security+**
  Issued December 2023

Verify Certificate:
